Intel Volunteers Earned \$\$\$\$

Intel has announced that Intel volunteers invested 311.5 hours at Jacob Wismer during the 2008/2009 school year, earning your school a \$3115.00 grant from the Intel Foundation through the Intel Involved Matching Grant program. The PTO would like to congratulate and thank all the Intel volunteers on this wonderful investment of time.

Intel also announced a change in the Intel Involved Matching grant program payout schedule. Beginning in 2010, Intel will be aligning our matching grant payouts with the calendar year. Therefore, if employees have reported volunteer time towards your school for the first half of the 2009/2010 school year, your school will receive a payout for the first half of the 2009/2010 school year in the first quarter of 2010; the cycle will then move to the calendar year schedule.

If you are an Intel employee, please check your company website for more information. Thank you for investing your time with our Jacob Wismer Community!
